

**Computing and Software 734  
Formalized Mathematics**

**William M. Farmer  
McMaster University, Winter 2014**

**Presentation 3**

**10 pts.**

**Due 8 April 2014**

Assigned: 17 March 2014

Revised: 17 March 2014

This presentation has two parts. For the first part, describe your solution of Exercise 6 and then demonstrate how you used your chosen proof assistant to implement the solution. For the second part, summarize what you have learned about your chosen proof assistant.
