CS 2SC3 and SE 2S03
McMaster University, Fall 2009
Assignment 0

Instructor: William M. Farmer

Revised: 16 September 2009

Files due: 25 September 2009

1 Overview

The purpose of this assignment to test out the procedure for submitting assignments using Subversion.

2 Background

None.

3 Requirements

Create an empty file named `prog0` and a file named `log0.txt` that contains a copy of your log book. (Make sure that the files are named exactly as specified. Case matters!) Put your name and MAC ID at the top of each of these files. Create a directory named `assign0`. Put the files `prog0` and `log0.txt` into this directory. Using subversion, import this directory into your directory in the course subversion repository at

        `https://websvn.mcmaster.ca/se2s03`

The details of how to do this will be explained in the tutorials. Your files must be submitted no later than **10:30 a.m. on Friday, September 25, 2009.**

4 Marking Scheme

This assignment is not worth any points. There is thus no marking scheme. However, you will be told whether or not your assignment was submitted correctly.
